Every drop of the Sarsaparillian Resolvent communicates through the Blood, Sweat, Urine, and other fluids and juices of the system, the vigor of life, for it repairs the wastes of the body with new and sound material. Scrofula, Consumption, Glandular Disease, Ulcers in the throat, mouth, Tumors, Nodes in the glands and other parts of the system, Sore Eyes, Strumous Discharges from the ears, and the worst forms of Skin Diseases, Eruptions, Fever Sores, Scald Head, Ring Worm, Salt Rheum, Erysipelas, Acne, Black Spots, Warts in the Flesh, Tumors, Cancers in the Womb, and all Weakening and Painful Discharges, Night Sweats, Loss of Sperm, and all wastes of the Life Principle, are within the curative range of this wonder of modern chemistry, and a few days' use will prove to any person using it for either of these forms of disease its potent power to cure them. If the patient, daily becoming reduced by the wastes and decomposition that are continually progressing, succeeds in arresting these wastes, and repairs the same with new material made from healthy blood, and this the Sarsaparillian will and does secure, a cure is certain; for when once this remedy commences its work of purification, and succeeds in diminishing the loss of wastes, its repairs will be rapid, and every day the patient will feel himself growing better and stronger, the food digesting better, appetite improving, and flesh and weight increasing. The Leading Comedy Theatre of the United States.

This establishment has a world-wide reputation as the foremost theatre in the country for the production of old comedies and the modern society plays. The company is unequalled in every respect.

*{ The Most Elegant and Capacious Theatre
in the Country.*

No one should fail to visit this beautiful temple of the drama. The plays produced here are of the highest order; the wonderful resources of the place and the extent of the stage permitting the representation of spectacles in a manner no other establishment can approach.

 The 8th Ave. cars and Broadway street line of stages pass the doors, as do the 23d St. line of cars, which intersect every railroad in the city.

PATD. JULY 25, 1871.

Is the result of the constant efforts and practical experience of Mr. J. H. WHITNEY for the past twenty years.

The old original WEED Machine which was formerly so popular, and which received the highest premium at the Paris Exposition in 1867, was the joint invention of Mr. J. H. WHITNEY and Mr. T. E. WEED, in 1853. They were partners in business until 1855, when Mr. WEED died; since then, Mr. WHITNEY has made

VALUABLE IMPROVEMENTS,

and has recently patented and brought out a Machine of such

UNEQUALED SIMPLICITY,

Durability and Perfect Sewing Qualities, that it has superseded the old WEED Machine, and is a

COMPLETE TRIUMPH

over all others.

It makes the Elastic Lock Stitch alike on both sides. It uses a straight needle, which occupies precisely the same distance from the shuttle without adjusting, whether coarse or fine, and is so protected that the shuttle cannot strike it. It has a positive four motion feed in one piece, without the use of springs. It runs so easy that a single thread of No. 8 cotton can be used for a belt.
